Three Drown In Waveland Tragedy

Two youths and their swimming instructor of the Milne Boys Home in New Orleans, were drowned at Waveland in the Mississippi Sound Monday.

The victims, all Negroes, were identified by Sheriff Sylvan Ladner as James Ramsey, 15, and Bernard Lewis, 17, both residents of the Milne Home and Ernest W. Morgan, 32, athletic director of the home.

A group of boys from the home were attending an annual picnic at the Gulfside Methodist Assembly, Waveland.

According to Sheriff Ladner, Morgan and 25 of the boys were swimming about 12:30 p. m. in seven-foot deep water about 2,000 feet away from shore. One of the boys, Nathaniel Boule, 11, began having difficulty in swimming, but was rescued by Morgan and George Ballet, 14.

During the commotion, the sheriff said, some fish began breaking water nearby and one of the boys yelled "sharks," causing a panic among the group, all swam frantically towards shore. When the boys reached shore, they found that Ramsey, Lewis and Morgan were missing.

The bodies of Ramsey and Morgan were recovered shortly after the drownings. Morgan's body was recovered by searchers on Alphonse Darn's boat and Ramsey's was recovered with a grappling hook by Bernard Piazza. The body of Lewis was found about 6 p. m. Tuesday by Ducre Bourgoin at the head of Market Street approximately 2 miles from the scene of the accident.

A coroner's jury empaneled by Coroner Emile Piazza, ruled deaths by drowning. Sheriff Ladner served as bailiff on the Morgan case and Chief Deputy Sheriff Eldo Depreo on the Ramsey incident. Jurors were Chester Favre, Fred Curet, Billy Carbonette, Fred Bourgoin, William Bibbs, Depreo and Ladner.

Assisting in dragging operations were boats and men of the area, the Sheriff's Department headed by Sheriff Ladner, Bay St. Louis Civil Defense Unit under direction of Wade Guice who provided lighting equipment for nighttime operations and grapple hook assemblies, Louisiana Conservation Commission, Mississippi Marine Conservation Commission, Mississippi Game and Fish Commission and Bay St. Louis and Waveland police officers.

"BEST IN SHOW" AWARD MADE TO MISS GRAY

Miss Barbara Gray was awarded "Best in Show" for her painting entitled "Portrait," an oil, at the first annual Southern Contemporary Art Festival at Sears Roebuck and Company in Gulfport, co-sponsored by the Gulf Coast Art Association. The portrait is of Miss Gray's father.

Her picture, along with first place winners in the four categories, will join the traveling exhibit of Southern Contemporary Art and will be eligible for a \$2,000 prize at the final showing of the exhibit in Atlanta, Ga., later this year.

The exhibit, which lasted four days, attracted many viewers. The show was judged by James B. Byrnes, director of the Delgado Museum of New Orleans.

LT. BEATTY TO HEAD CONSTRUCTION AT HANCOCK MTO

Lt. Col. Roy P. Beatty has been named Area Engineer and will head the Army Corps of Engineers on-site office responsible for supervising the construction of test facilities at NASA's Mississippi Test Facility in Hancock County, Mississippi. The announcement was made by Col. Robert C. Marshall, District Engineer for the Army Engineers at Mobile, who stated that Col. Beatty would report for duty on Monday, August 3.

Col. Marshall said that his new assistant is well qualified to oversee engineering and construction. Before reporting for his new assignment, Col. Beatty was Deputy District Engineer of the Honolulu, Hawaii, District, and also served in project, resident and area of facilities for the Army's Nike Zeus anti-missile on Kwajalein Atoll and for Project PRESS on Roi Namur, both in the Marshall Islands in the Pacific. He also served with the Army Ballistic Missile Agency and the Army Missile Command at Redstone Arsenal.

Col. Beatty was born in Mexico, Missouri, the son of Mr. and Mrs. James E. Beatty, both of whom are deceased. He attended grammar and high schools at Mexico, the University of Missouri, and the United States Military Academy at West Point, New York. He earned a master's degree in civil engineering at the University of Iowa and is a graduate of the Infantry School at Fort Benning, Georgia, the Engineer School at Fort Belvoir, Virginia, and the "Command and General Staff College at Fort Leavenworth, Kansas. Col. Beatty is the author of an article on "Project Press on Roi Namur," which was recently published in the Military Engineer.

Mrs. Beatty is the former Bonjean Miller of Mexico, Mo. There are two sons, Keith, 17, and Gary, 14.

The Beattys will reside at the Alexander Apartments in Pica-yune pending completion of a new home in Woodland Heights, Pica-yune.

Acting area engineer for the Corps of Engineers since April has been William R. Coryell. As Col. Beatty's deputy, he will remain as the senior civilian employee at the area engineer office.

The U. S. Army Corps of Engineers, Mobile District, is real estate, design, engineering and construction agent for NASA at its Mississippi Test Facility in southwest Mississippi.

Mr. Hawkins stated that health in communities depends to a large extent on environmental sanitation. The problems of Bay St. Louis do not differ greatly from the other 44 communities he has surveyed, ranging in proportion from 650 to 37,000. And this was clearly seen in slides of other communities. However, this does not lessen the significance of the sanitation deficiencies.

The Board of Supervisors at its Monday meeting with Beat Two Supervisor Alton Kellar, vice president, presiding in the absence of board president R. G. Hubbard Jr., purchased a heavy-duty motor grader for use in Beat 2 from Mississippi Road Supply Company, Jackson, lone bidder at a price of \$24,056.50.

Designation of two new voting precincts to replace Aaron Academy and Flat Top polling places taken in by Mississippi Test Operations was discussed and the new polling locations are to be designated later.

The board also approved a road construction sub-contract between Penton and Necaise, Gulfport, prime contractor on the Leetown, Pica-yune State Aid job, and Hall Engineering and Construction Company, McComb, who will perform excavation, fill and hauling work for \$32,861.55.

The annual contract with the State Department of Public Welfare for community distribution was renewed; also approved by the board was the purchase of an \$80 advertisement in the Pearl River Junior College football brochure for 1964.

DR. HOUSTON PASSED AWAY IN UNION, MISS.

Dr. Bobby Jack Houston, 32, died at 4 p. m. Sunday, August 2, at the home of his parents, Mr. and Mrs. W. G. Houston in Union, Miss.

Dr. Houston received his degree in medicine from the University of Mississippi in 1961 and interned at Mississippi Baptist Hospital, Jackson.

He came to Bay St. Louis in July 1962 and was associated with the McFarland Clinic until September 1963.

Survivors in addition to his parents are his wife Mrs. Peggy Dean Houston, two sons, Michael and Eagle, and a sister.

Funeral services were held at 2 p. m. Monday from the Methodist Church with interment in Union Cemetery.

Attending the funeral from here were Dr. and Mrs. J. B. Levens and Mr. and Mrs. Gerald Gex.

INSTALLATION OF OFFICERS

A tea honoring all Gulf Coast dental assistants was held at the Sun Beach Steak Inn, Sunday, August 2. A candlelight ceremony for installation of officers of the Gulf Coast Dental Assistants' Society was part of the program.

Mrs. Viola Cunningham of Bay St. Louis was installed as President for the year 1964-65 and Mrs. Dianne Garcia, also of Bay St. Louis, was installed as Secretary-Treasurer. Among members and guests present were Miss Denise Guillot of Gulfport and Miss Jeanne Bril of Ocean Springs.

BOY HURT WHEN TRUCK OVERTURNS

A 15-year-old local boy sustained a minor injury when the truck he was driving overturned while attempting to negotiate a curve early Friday morning.

Gary Marquar received a small laceration on the left arm when the truck, a 1950 Ford pickup owned by the Bay Ice Company, overturned. He was not taken to a hospital.

Police officers John Kachler and Julius Wehre stated the boy appeared to have lost control of the truck and it overturned in the yard of Mrs. Caroline Kiefer at the corner of Dunbar Avenue and Felicity Street.

DROP SHOOTING CHARGE AGAINST

Charges against a 20-year-old Lakeshore resident were dropped in a preliminary hearing Friday night in connection with the July 11 shooting of another Lakeshore resident.

The charge of assault and battery with intent to kill was dropped against Michael Lafontaine by Justice of the Peace Nolan Ladner.

The incident in which Marion Necaise, 25, was wounded in the abdomen was classed Judge Ladner said, as an "unavoidable accident."

The men were handling a pistol which, they said, they thought was loaded with blanks, Sheriff Sylvan Ladner reported.

Nicholson Man In Jail Here Charged With Murder

John Chauvin, 34, of Nicholson, charged with murder is being held in the county jail without a preliminary hearing. Justice of the Peace Michael Beatty 2.

Chauvin shot Argil Smith, 30, Box 28, Carriere, La., with a .32 calibre revolver about 10:30 p. m. Sunday on Highway 11, near the Bay Community in Hancock County.

The Sheriff stated, who was in the chest, was pronounced dead on arrival at Crosby Hospital, Pica-yune. Moving, he added stemmed from argument in the cafe. Chauvin's inquest with Coroner J. B. Sheriff Ladner as

baliff, Eldo Depreo, Fred Curet, Jr., Clinton Dedaux, J. P. Walker, Kenny Bounds, Robert Smith, Jr., jurors ruled death due to a gun shot from a .32 calibre revolver fired by Melvin Chauvin.

Sheriff Ladner was assisted in the investigation by Chief Deputy Eldo Depreo and Fred Curet, Jr.

A 20-year old Negro airman from Keesler AFB, Biloxi, is being held in the county jail on a charge of statutory rape.

City Police Chief Lathan Gariga reported Ricardo A. Curtis was charged with the alleged rape of a 16-year old Bay St. Louis Negro girl Saturday night.

Chief Gariga said he was called on the case about 9:30 p. m. Curtis, who had returned to Keesler was picked up by the Air Patrol at 2 a. m. Sunday and brought back to Bay St. Louis about 6 o'clock by Chief Gariga and officer Robert Gossell.

Curtis, who was given a preliminary hearing before Judge Nolan Ladner Tuesday, was charged with statutory rape and is in jail on \$5,000 bond awaiting action of the September grand jury.

Assisting in the case were Sheriff Sylvan Ladner, Chief Deputy Eldo Depreo, Fred O'Neal and T. P. Naylor of the Mississippi Highway Patrol.

TWO CALLS TO SAME FIRE

The Fire Department was called about 2:10 Sunday afternoon to 1000 Dunbar Avenue, to fight a fire in the home of Mrs. Carrie Layne and again at 3:25 when the blaze started again.

The department said the fire, which swept through the inside of the house, was apparently caused from electric wiring and damage was estimated at approximately \$300.

Mississippi, the "Hospitality" were Mrs. Dorothy C. Hosie, On-

lario Department of Tourism and Information, Toronto, Canada; Lloyd Van Meter, travel and pro-

motion manager, Henry Ford Mu-

Rosanne was crowned "Miss Hospitality" July 25 in Biloxi by Governor Paul B. Johnson after three out-of-state judges chose her from a field of 59 entries in the annual statewide "Miss Hospitality" contest.

She will hold the title twelve months, during which she will represent Mississippi's tourist program, a function of the Mississippi Agricultural and Industrial Board, at travel shows and conventions.

There are no losers in the annual "Miss Hospitality" contest. Each contestant returns to her respective home town to officiate at various public functions for the next twelve months as local "Miss Hospitality" for that area.

She is already booked to appear at the national Veterans of Foreign Wars convention at Cleveland August 20-27. She will arrive there August 24 and ride in the big parade August 25.

Then she will leave for Dallas September 20 for the national American Legion convention there. She will ride in the parade on September and remain there until the final day September 24.

She will hand out literature and answer questions about Mississippi's vacation attractions at travel shows at Chicago February 12-21 and at Milwaukee March 20-28.

At these travel shows, she will be in the Mississippi exhibit of the Agricultural and Industrial Board, which features the Old South motif in design and she will be wearing hospikirt attire of Ante-Bellum Dixie.

Ned O'Brien, manager of the Travel Department of the A & I Board, coordinates the annual "Miss Hospitality" event and will accompany her to these conventions and travel shows.

Other appearances will be scheduled as her reign progresses. Toward the end of her year, she will attend the Blessing of the Shrimp Fleet at Biloxi and will crown the Biloxi Shrimp King in a program set for June 5-6, 1968.

BILL WOULD CUT BACK FOREIGN IMPORTS ON BEEF
(By Senator John Stennis)
WASHINGTON - I am pleased to report to the cattlemen, farmers and beef producers of Mississippi that the Senate this week passed a bill that would cut back foreign imports of beef, lamb and mutton about 30 percent from the all-time high level of 1963.
The bill was adopted by the Senate by a lopsided vote of 72 to 15 and will now go to the House of Representatives where it may find a tougher road to passage. The Administration is against the cutback.
In speaking for the bill on the Senate floor, I pointed out that the reduction of foreign imports of beef, lamb and mutton was urgently needed to protect the American market and to hold prices up for the American cattleman.
It must be noted, I told the Senate, that foreign beef imports into the United States last year reached 11 percent of our total domestic production.
That is entirely too much imported beef into this country and it is the main factor which has caused a serious break in our domestic market.

BUGS GALORE - Sylvia Speers of Oxford surveys part of the nearly 10,000 mud daubers and other insects she has collected as a basis for her Master of Science Degree thesis in Biology at the University of Mississippi. The Ole Miss coed collected the nests of mud daubers (commonly called dirt daubers) from a dozen counties in Mississippi. She then watched the eggs hatch, caught, killed, pinned each insect for her research. This is probably one of the world's largest collections of Mississippi mud daubers.

The national leadership program for 4-H youth development which began primarily in rural areas now reports a majority of its members live in urban or suburban neighborhoods. According to the National 4-H Service Committee, 52 percent of 4-H members are from non-farm locations.

PEACH TREES
First week of August is the time to put on the first application of insecticide for control of peach tree borers.

Among the materials recommended are DDT, Dieldrin and Thidiaz. Spray the trunks thoroughly. Second and third applications should be made around September 1 and October 1.

Check the Mississippi Spray Calendar, available free from your local county agent's office, for specific details on controlling peach tree borers.

SOIL TESTING
Soil testing takes the guess work out of fertilization and liming. It lets you know specifically the kinds and amounts of fertilizer and lime needed for particular crops.

The majority of our soils are too acid to get best results from fertilizer applied.

Lime helps in at least five ways: It makes most plant nutrients, especially phosphorus, more available to plants.

Soil bacteria are needed for good plant growth. The bacteria multiply faster in sweet soil than in acid soil. Increasing the activity of the microbes speeds decay of organic matter, releases plant nutrients and improves soil tilth.

Lime increases fixation of nitrogen by the soil bacteria and legume root nodules.

That
Summer
Afternoon

I'll never forget the day we took this picture. The sun was shining brightly and we'd gone for a ride in the country, my husband Tom, Thelma and I. We came to this field full of daisies and we stopped, and I braided a crown of flowers for Thelma's head. She was wearing a brand new dress and she had a new little parasol too. I thought she looked like just about the happiest and prettiest little girl alive.

How thankful I was! For our Thelma had just weathered her first serious illness, and for several weeks there had been days and nights of incredible anxiety and heart-rending prayer.

Now, watching Thelma in her new-found health, I thought of our church. Not only our minister, but members of the congregation, people whom I scarcely knew, had rallied to our side during Thelma's illness.

Just having them—just knowing that they were adding their prayers to ours, had meant so much. And now, I knew, they were sharing our jubilation.

How sorry I feel for people who don't go to church. For they miss one of life's great truths—the knowledge that if you have the Church, you can never again be alone.

THE CHURCH FOR ALL—ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

ALBANY, Ala. — The first of a series of requests for proposals for the construction of a new 100,000-sq-ft hangar at the Alabama Army Air Center, Albany, Ala., was received by the center's engineering division on July 10.

The hangar, which will be used for the storage and maintenance of aircraft, is one of several projects being planned by the center to expand its facilities.

The hangar will be built on a 10-acre site located near the center's main building. It will be constructed of steel and concrete and will have a clear height of 40 feet.

The center's engineering division is currently reviewing proposals for the hangar. It is expected that the center will select a contractor to build the hangar within the next few months.

FORESTRY NOTES

Seeding orders are now being accepted by the Mississippi Forestry Commission for the planting season beginning in December, announced State Forester Jack Holman today.

Holman stated that 13 species of trees are available. Orders for slash and locust, plus willow, are being accepted on a first-come, first-served basis.

He added that those who place orders early will receive the trees they need of the species desired.

Species available are four species of pine, including slash, loblolly, longleaf and shortleaf, plus bald cypress, green ash, yellow poplar, black locust, sycamore, sweet gum, red cedar, Mexican cypress, and cottonwood.

Although prices of nearly everything the Commission buys have increased, seedling prices are the same. Each landowner may receive 1,000 seedlings free by paying a \$5.00 delivery charge.

Additional seedlings are available at \$4.50 per thousand plus the 35-cent per thousand charge for delivery to the county.

Orders of 25,000 trees or more may be picked up at the nursery if the landowner desires. Groups of landowners whose orders total 25,000 trees may also pick up their trees at the nursery.

Holman emphasized that landowners having idle acres should consider establishing trees on those lands at the earliest opportunity.

He stated that Mississippi is now in a period of wood industry expansion made possible by the tree planting and timber management of the state's landowners.

"The Forestry Commission's

ADAM IS RE-ELECTED
TO POST

Gulfport attorney Bidwell Adam was re-elected Tuesday at Jackson to a third consecutive term as chairman of the Mississippi Democratic executive committee.

The 70-year-old veteran of state politics had been given the unusual endorsement of the five congressional districts in the state at district caucuses and apparently the unanimous backing of delegates to the state convention.

The Fifth Congressional District, which covers South Mississippi, was further honored when R. M. (Bob) Newton of Wiggins was also re-elected as executive committee.

The other Fifth District member of the executive committee is Jack Pettmann, a Hattiesburg lawyer, also re-elected.

Byrd Mauldin of Pontotoc was re-elected as committee secretary.

Others on the executive committee, three from each district, are Donald Franks of Booneville, S. T. Pilkington of Artesia, James Cahill Sr. of Senatobia, Hardy Lott of Greenwood, Will Hickman of Oxford, W. E. Gorg Jr. of Jackson, Francis Georgetown of Fayette, Ben Chase Callon of Natchez, Lester Williamson of Meridian, Joe A. McFarland of Bay Springs and Paul Messall of Newton.

District Eight headquarters (in Gulfport before attending patrol school).

Inspector Fuks said the personnel changes "will leave us about six or seven short" of the district quota. Fuks said he hopes to acquire additional personnel from graduates of the patrol school being held during August at Jackson.

Two officers assigned to District Eight are currently attending a investigation training school in Washington, D. C. and two radio operators are attending the patrol training school.

CHANGES IN PATROL PERSONNEL

Several personnel changes in District Eight of the Mississippi highway patrol were made last week. District Eight Inspector M. E. Fuks said at Gulfport.

State Ptn. Robert Parker is being transferred from Wiggins to a new post at Pass Christian. Parker is a native of Pass Christian and a former Harrison County deputy sheriff.

State Ptn. Allen Waits is transferring from Lexington in District Two to another new post at Bay St. Louis, adding a patrol car to the Hancock County area.

State Ptn. Robert Moody is transferring from Biloxi to District Two at Lexington.

State Ptn. William (Bill) Dillon is transferring from Hernando in District Three to a new assignment at Pascagoula. Dillon formerly served as a radio operator at

BOARD OF SUPERVISORS PROCEEDINGS...

It is remembered that a regular meeting of the Board of Supervisors of Hancock County, Mississippi, was held at the Courtroom thereof in the City of Bay St. Louis, Mississippi, on Monday, July 6, 1964, at 9:40 o'clock a. m. There being present: J. C. Hubbard, Jr., President; H. E. Dean, Alton Keller, James Nease, and Charles Lavinghouse, members; Sylvan J. Ladner, Sheriff; and Marie E. Quintini, clerk of the said Board.

IN THE MATTER OF THE REAL AND PERSONAL ASSESSMENT ROLLS OF HANCOCK COUNTY, MISSISSIPPI

This day came on to be considered by the Board of Supervisors of Hancock County, Mississippi, the matter of equalizing the assessment of real and personal property for the year 1964 and the Board affirmatively finds and adjudicates that George E. Heitzmann, Tax Assessor of Hancock County, Mississippi, has completed and filed the 1964 real and personal assessment rolls of Hancock County, Mississippi, and in accordance with the provisions of Section 9705, Mississippi Code of 1942 has delivered the said rolls in legal form to the Clerk of the Board of Supervisors of this county on or before the First Monday of July, 1964, and that said assessor has made and appended to said real and personal rolls the affidavit in the form and as provided by law.

It is, therefore, ordered and adjudged, that this Board of Supervisors will immediately at the 1964 July meeting proceed to equalize such rolls, and will cause to be assessed any person, or thing, found to be omitted, or thing, found to be assessed, and correctly value any property found to be undervalued; and do all things required by Section 9705, Code of 1942, and other laws; and cause all corrections to be made in the said rolls, and will complete such equalization, at least ten days before the August, 1964 meeting; and upon adjournment will immediately, by newspaper publication, notify the public that such rolls so equalized, are ready and open for inspection and examination.

Ordered and adjudged this 6th day of July, 1964.

REQUEST SPECIAL ACT FOR AUTHORITY TO PAY TAX ASSESSOR

Be it remembered that Walter J. Phillips, Representative from Hancock County, Mississippi, be requested by this Board to introduce a local and private bill in the Special Session of the Mississippi Legislature, which will authorize this Board, at its discretion, to pay unto Hancock County Tax Assessor the sum of Nine Hundred (\$900.00) Dollars per year for the calendar years 1964 and 1965 for additional expense incurred by him as a result of the additional assessment work, and travel by use of his personal automobile, because of the location of the NASA Test Operation in Hancock County.

Further, that such payments be made at the Board's discretion in equal monthly installments.

The foregoing resolution was moved by Supervisor Keller and seconded by Supervisor Dean.

Those voting AYE: Supervisors Dean, Keller, Lavinghouse and Hubbard.

Those voting NAY: None. Absent and not voting: Supervisor Nease.

REQUEST SPECIAL ACT AUTHORIZING EXTRA PAYMENT TO BOARD MEMBERS

Be it resolved that this Board request Walter James Phillips, State Representative Hancock County, Mississippi, to introduce a bill at the Special Session of the Mississippi Legislature, authorizing this Board at its discretion to pay unto each of its members a sum not to exceed \$100.00 per month as travel, and other incidental expenses incurred in work done extra as a result of the NASA Test Operation located in Hancock County, said payment to be made out of any available fund.

ACCEPT PETITIONS FOR REDUCTION AND/OR CHANGE OF ASSESSMENTS

Upon motion of Supervisor Keller duly seconded by Supervisor Nease it is ordered that the petitions of George E. Heitzmann, Tax Assessor, for reduction and/or change of assessments against E. K. Kelly, Zoe Kelly, A. L. Stica and Joseph C. Kingston, et ux, be accepted and sent to the State office for their approval or disapproval.

The motion for the above was unanimously adopted by the Board.

LEASES

Upon motion of Supervisor Dean duly seconded by Supervisor Keller and unanimously adopted by the Board, the Clerk of this Board is hereby authorized and directed to accept and file for recordation the following leases, to-wit:

State of Mississippi Hancock County

This lease agreement made and entered into by and between Hancock County, through its County Superintendent of Education, with the approval of the Board of Supervisors of said County, hereinafter referred to for convenience as the County and Dave Davis, Sr., hereinafter referred to for convenience as Lessee, Witness Hancock County does hereby lease unto Lessee certain land in Hancock County, Mississippi, as authorized by House Bill Number 63 of the Laws of Mississippi of 1946, said land being described as follows:

Lot 7, Board of Supervisors, Section 16-9-16.

Said lease to be for a term of 25 years at the amount of \$10.00 per year, the first year's rental having been paid, the receipt of which is hereby acknowledged. The annual rental due to be paid on the anniversary date hereof.

That in the event of the default of the payment of said rent within sixty (60) days after due date, the County shall have immediate possession of said land, and Lessee shall vacate said land, and the County shall have the right to remove said land, and to place improvements on the land. No timber or trees shall be cut, however, until the said trees are designated and marked by the County Superintendent or his employee by and with the consent of the Board of Supervisors of the County.

Lessee shall pay all legal taxes assessed against his lease interest and improvements.

Said land shall not be subleased by Lessee without the written consent of the Superintendent of Education and approved by the Board of Supervisors of the County.

The payment of said rental on said land shall be made at the office of the County Superintendent of Education of said County.

The County reserves the right to lease said land for mineral purposes and Lessee shall recognize said mineral lease whether same be made prior or subsequent to the execution of this lease, and Lessee shall permit the holder of said mineral lease the right and enjoyment of the use of the said land for the development and production of whatever minerals may be located therein or thereon. The County shall have the right to sell any and all timber on said land or lease same for turpentine purposes, and Lessee shall recognize said sale or lease, whether executed prior or subsequent to the execution of this lease, and Lessee shall permit the holder of said mineral lease the right to go on said land and to remove said timber, and turpentine.

Witness our signatures, this 15th day of June, 1964.

HOME AGENT'S NOTES

Popular materials for kitchen counters and back splashes are linoleum, vinyl, laminated plastic, ceramic tile and stainless steel. The materials are listed in the order of cost, going from linoleum, the lowest priced, to stainless steel, the most costly.

Each has certain desirable and undesirable qualities. You can get more details on these qualities from your home agent's office. Some general information you need to know:

Linoleum: If spring painting didn't get done this year, there's a new way to do it. There's a new easy way, so your favorite such as golf and fishing won't have to be sidetracked. One of the new acrylic latex exterior paints is a bit of convincing that NOW is the time to get the job done. House painting used to be a big job, but modern paint technology has come to the rescue with acrylic latex. It has made painting with another kind about as old fashioned as grandpa's nightshirt. Available in a broad range of colors, these new paints retain their beauty and resist fading up to fifty percent longer than ordinary paints. They also resist blistering, peeling, fumes, and mildew. But biggest advantage for the often reluctant do-it-yourselfer is the speed and ease of use.

You don't have to depend on warm weather for drying the painting surface. You can start earlier in the day since exterior acrylic latex paint can be applied even if the surface is still slightly damp from dew, or a light rain, just wipe off the excess moisture and begin.

The acrylic latex paints flow on more easily than any others you've used, and since they will be interested in includes:

All counter tops will show damage except ceramic tile when you slice bread or meat. A chopping block overcomes this disadvantage. A hot skillet will damage all but stainless steel and tile. Vinyl melts, linoleum scorches and discolors, and some laminated plastics blister.

Rough utensils scraping over counter tops will scratch laminated plastics, but damages linoleum and vinyls more. Light scratches on stainless steel can be scoured away with steel wool.

Sunlight affects linoleum. A poor seal is usually the cause of cracks around the sink. Linoleum absorbs more water than other materials.

You may add turkey to menu in form of turkey on casserole. Fresh garnishes, perfect garnishes, or desserts.

PEANUT BUTTER SANDWICHES. Here's a sandwich for peanut butter enthusiasts to try: peanut butter, banana, and buttermilk, dairy sour cream, or ly-chopped carrots. Add a spoon prepared horseradish.

will be interested in includes: All counter tops will show damage except ceramic tile when you slice bread or meat. A chopping block overcomes this disadvantage. A hot skillet will damage all but stainless steel and tile. Vinyl melts, linoleum scorches and discolors, and some laminated plastics blister.

Rough utensils scraping over counter tops will scratch laminated plastics, but damages linoleum and vinyls more. Light scratches on stainless steel can be scoured away with steel wool.

Sunlight affects linoleum. A poor seal is usually the cause of cracks around the sink. Linoleum absorbs more water than other materials.

AUGUST PLentiful. Headliners among foods plentiful during August are beef and plums. They are followed by plentiful supplies of summer vegetables and salad dressings.

Beef supplies won't be high as for the past few years but are expected to continue during August. Try beef barbecue, a head of lettuce, a buffet, or tender beef steaks your favorite beef recipe.
